

SITE INSPECTION REVIEW FORM

SITE NAME: WEST END GAS WORKS

ALIASES: _____

CERCLIS I.D.#: NJD981084817

CITY, STATE: Jersey City, NJ

FISCAL YEAR & QUARTER FOR SCAP: FY '92 - 1st Q

CONTRACTOR RECOMMENDATION: *NFRAP*

EPA RECOMMENDATION: NFRAP (SEA)

PA METHOD SCORE = 11.97

WAS SAMPLING CONDUCTED BY CONTRACTOR? no

COMMENTS:

GW only used commercially & industrially w/in
4 mi. of site. Residents get DW from SW
sources greater than 15 mi. from site. Previous
SW samples do not indicate a release
of contaminants from the site. Limited
potential for exposure to on-site because
property is fenced. Concurs w/ NFRAP (or
SEA) recommendation for site.
